

FiPL Open Day Longstone Wells

Saturday 1st March 2-4pm

**Farming in Protected
Landscapes programme**

Longstone Wells Open Day, promoting the range of projects that have been delivered under the Farming in Protected Landscape project in conjunction with Exmoor National Park.

See project deliverables including:

New orchard, meadow restoration, upland wood pasture creation using cactus guards, hedgerow restoration and a series of leaky dams and wildlife boxes which will be being actively installed during your visit.

Tour the site and learn from ecologist Robbie Phillips on how to identify opportunities for nature restoration on farmland, targeting marginal areas for nature enhancement as well as from leaky dam expert Tim Pearse who will be installing leaky dams during the visit.

Tea/coffee and cake provided

To join please email robbiephillipsecology@gmail.com

Longstone Wells, Heasley Mill,
South Molton, Devon, EX36 3LQ
